A DANGEROUS ADVENTURE

Synopsis

Ninth Episode.

Episode Title.....The Leopard's Cave.

Mac, on his way back to rescue Marjorie from the village of Kalumbu, is watched and surrounded by villagers who have been warned by Brandon of Mac's return. Condo sees Brandon escape with Marjorie and attacks; while Brandon is left in the jungle Condo returns to the village with Marjorie and rescues Mac from the villagers. Brandon returns for help from Ubanga and all start out for Tomikey.

Edith and Jim, left in the prison, are about to be punished by the Sunworshippers when Mac, Condo, and Marjorie ride in on the elephant and rescue them. Edith is reunited with Marjorie while Mac and Jim fight their way from the village. But when they are safe, the boys learn that Condo has escaped with the girls. The girls take advantage of Condo's inattention and grasp the low branch of a tree as they pass beneath. They then run back over the ground just covered and, - to escape the returning elephant with Condo, - rush into a cave. Condo tracks them to this cave, and, - to frighten them - closes a huge rock over the entrance to the cave. The girls, inside, come upon a leopard cave and now rush for the entrance to find it closed. Imprisoned in the dark hallway, the girls are hovering against the rock as the leopards move forward.
